**Establishing A Policy For The Naming Of County-Owned Assets**

Section 2. The Ulster County Legislature shall designate the names of county-owned assets via resolution. Unless the asset name is designated in a purchase agreement or an accepted gift of property, the Ulster County Legislature shall make its selection after receiving a recommendation from the municipality or municipalities in which the county-owned asset occurs, which shall be based upon public input from individuals and organizations. Municipal recommendations shall state how the proposed name(s) meet(s) the criteria of Section 1.

Section 3. Whenever the Ulster County Legislature or local municipality wishes to consider naming a county-owned asset, the issue shall be referred to the Public Works and Capital Projects Committee of the Legislature before approval of that name by the full Legislature. If more than one name is proposed for a particular county-owned asset, the Chairman of the Public Works and Capital Projects Committee may create a sub-committee to consider the proposals and make recommendations to the Public Works and Capital Projects Committee.

Section 4. A public hearing shall be scheduled prior a vote by the Ulster County Legislature on a resolution naming a County-owned asset to insure public input on any name(s) being considered.

Section 5. Following the selection of a name for a county asset by the Ulster County Legislature, the County shall identify the specific asset with appropriate signage specifying the name.

Section 6. The name shall remain for a minimum of 25 years except in an instance when a County-owned asset is named for an individual and the County Legislature finds that because of the individual's character the continued use of their name would not be in the best interest of the community.
